- (I) Inadequate: You are copying word for word from the board and there are big gaps.
- (R) Requires improvement: You are mostly copying word for word from the board. You are also writing down what your teacher says, but there isn't much variation here. Will you be able to remember all of this in your exam?
- (G) Good: You are being creative with your note taking and it is not word for word. You are writing down the useful information that your teacher says. You would be able to revise effectively from these notes.
- (O) Outstanding: Your notes are meaningful, relevant and you regularly add to your notes with extra sources after the lesson. You are basically revising as you go along.
