

KS3 – Years 7 to 9

Follow the learning journey on the next slide to find the unit you are completing in class – these are the white boxes. If you have been sent home, **click on the corresponding green box** to access a set of online lessons linked to the topic.

Year 10 Computer Science

Option 1 – TEAMS

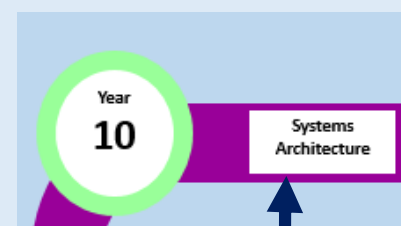

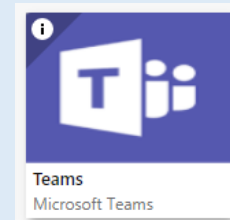

If your teacher has been using TEAMS in your lessons, please access the Teams pages as normal to continue with your learning. **Use the Craig n Dave videos** to learn new content and **make notes use the Cornell method**.

Option 2 – SharePoint

If your teacher has been using SharePoint in lessons, continue to do so. Again, **Use the Craig n Dave videos** to learn new content and **make notes use the Cornell method**. Apply these notes to the **SLR workbook** for each unit.

Option 3 – BBC Bitesize

There are direct links to the corresponding units on the learning journey. Just **click on the correct box**.

Year 11 Computer Science

Option 1 – TEAMS

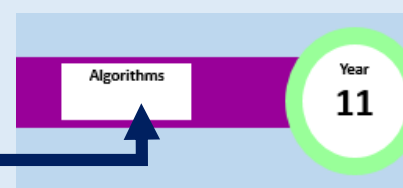

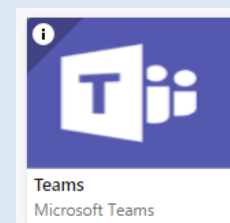

If your teacher has been using TEAMS in your lessons, please access the Teams pages as normal to continue with your learning.

Option 2 – SharePoint

If your teacher has been using SharePoint in lessons, continue to do so. There are direct links to the correct folder in one drive on the learning journey. Just **click on the correct box**.

Option 3 – BBC Bitesize

There are direct links to the corresponding units on the learning journey. Just **click on the correct box**.
