

Geography -Year 9 June 2019 Exam Overview

Questions:

You will be required to answer all questions!

The list of topics, along with case studies, that you need to focus your revision on are as follows:

-Changing Climates

Sources of CO₂

Greenhouse effect

Patterns of climate change

Positives and negatives of climate change

-Cold Environments

Differences between Arctic and Antarctica

Plankton

Human impacts upon the Arctic

-UK in the 21st Century

Population pyramids

Migration into the UK

Remember for all questions you will need to make references to **case studies** where possible. A **case study** is an example of a **real place or example** we have looked at within the lesson. The more **factual** information you have about this case study, the marks you will be awarded. Case studies provide **support and evidence** for your answer.

If you want to go over any of the topics or would like resources to help revise please see you class teacher. Good Luck!
