January 2019

**ALL PARENTS/CARERS**

Dear Parent/Carer

**Understanding Progress 8 & School Data Evening - Tuesday 29 January 2019 - 6.30pm**

- *What grades should I be expecting my child to get?*
- *Are they on track to achieve these grades?*
- *What's the difference between Attainment 8 and Progress 8?*
- *What does Progress 8 really mean?*
- *How does my child's school compare to other local schools?*

With the 'new' 9 - 1 GCSE's now fully in place and 'new' headline measures used to judge schools in the league tables, understanding the school data that gets sent home or the governments Performance Tables and 'Headline' measures can be a bit tricky.

At this 'understanding school data' evening we will try to clarify some of these issues and give parents a better picture of their child's data and their performance compared to other pupils nationally.

Please complete the below reply slip if you would like to attend this important evening. Due to the possible restrictions on seats this evening is for parents/carers only.

Yours sincerely

**Mr Dixon**  
**Head Teacher**
