

Parental Communication & Engagement

Message from Head Teacher

It has been a week of exciting trips at Dormston. Two lucky students who took part in a poetry competition were rewarded with a trip to the Battlefields in Belgium. We have already heard what a fantastic experience they are having and we are hoping to offer this opportunity again next year. Our GCSE Geography students were busy completing their field work on the Holderness Coast. This included a comprehensive study of the beaches including measuring groynes... (those are the wooden boards you see on a beach, just in case you were wondering!).

On Tuesday night our Year 10 & 11 parents/carers were invited in to find out a little bit about the expectations of the GCSE courses and how to support pupils to achieve their very best. Any parents/carers who missed those events can find these powerpoints on our website.

Thursday night was Open Evening and the school was a hive of activity - apologies for gridlocking Sedgley.

Steve Dixon

Letters Sent Out Recently All Available on our Website
