

## Geography -Year 10 June 2019 Exam Overview

### Questions:

You will be required to answer all questions!

The list of topics, along with case studies, that you need to focus your revision on are as follows:

#### -Distinctive Landscapes

Uplands and Lowlands

Formation of an oxbow lake

Case Study- River Management

Formation of a stack

#### -Sustaining Ecosystems

Interdependence of the rainforest

Impacts of deforestation

Goods and services of the rainforest

Impacts of human activity upon the cold environment

#### -Urban Futures

Rates of urbanisation in ACs' /EDC's/LIDC's

#### -Resource Reliance

Population growth and resources

Key definitions

Global energy consumption

Past national food management strategy

Remember for all questions you will need to make references to **case studies** where possible. A **case study** is an example of a **real place or example** we have looked at within the lesson. The more **factual** information you have about this case study, the marks you will be awarded. Case studies provide **support and evidence** for your answer.

**If you want to go over any of the topics or would like resources to help revise please see you class teacher. Good Luck!**
